

# Rémi Lamarque

Laboratoire Parole et Langage  
5 avenue Pasteur  
13100 Aix-en-Provence  
06 70 64 37 96  
[remi.lamarque@univ-amu.fr](mailto:remi.lamarque@univ-amu.fr)

## Education

---

### Diplomas:

- 2021** PhD in Linguistics, Laboratoire Parole et Langage – Aix-Marseille University, France
- 2016** Master’s degree in Linguistics, specialty: Linguistic theories: field and experiment, Aix-Marseille University, France
- 2015** Master’s degree in Asian studies, specialty: Japan’s culture, language and society, Aix-Marseille University, France
- 2012** Bachelor’s degree: Japan’s culture, language and society, Aix-Marseille University, France
- 2008** High School diploma (Baccalauréat), specialty: economics and society, France

### Summer schools:

- 2021** Institute of Language, Communication and the Brain, Marseille, August 30<sup>th</sup> – September 3<sup>rd</sup>.
- 2017** Complex Systems Summer School, Santa Fe Institute, USA, June 11<sup>th</sup> – July 7<sup>th</sup>

### Trainings:

- 2018** Center for Pedagogical Innovation and Evaluation (40 hours):
  - Pedagogical practices analysis, 16 hours
  - Teaching practices and learning, 12 hours
  - Didactic, 4 hours
  - Students’ learning progress evaluation, 4 hours
  - Teaching in a “flipped classroom”, 4 hours

## Theses

---

- 2021** Lamarque, Rémi, « Facteurs influant sur la productivité dans des processus morphophonologiques récents et bien établis » ("Factors influencing productivity in recent and well-established morphophonological processes"). PhD thesis under the supervision of James Sneed German, Aix-Marseille Université, 243p.
- 2016** Lamarque, Rémi, « La variation en phonologie : le cas des emprunts abrégés composés en japonais » ("Variation in phonology : the case of compound abbreviated loanwords in Japanese"). *Théories Linguistiques : Terrain et Expérimentation (ThéLiTEs)* Master's thesis under the supervision of James Sneed German, Aix-Marseille Université, 74p.
- 2015** Lamarque, Rémi, « Morphophonologie des emprunts abrégés japonais dans les jeux vidéo : évolution du processus d'abréviation » ("Morphophonology of Japanese's abbreviated loanwords in video games : evolution of the abbreviation process"). *Aire Culturelle Asiatique (ACA)* second year Master's thesis, under the supervision of Alice Vittrant, Aix-Marseille Université, 132p.
- 2013** Lamarque, Rémi, « Théorie des contraintes et phonologie des mots d'emprunt en japonais » ("Constraints theory and Japanese's loanwords phonology"). *Aire Culturelle Asiatique* first year Master's thesis, under the supervision of Alice Vittrant, Aix-Marseille Université, 64p.

## Publications

---

- 2018** Lamarque, Rémi, & James Sneed German, "Community- and individual-level variation in Japanese compound loanword formation", in *Proceedings of the Berkeley Linguistics Society 43<sup>rd</sup> annual conference*, UC Berkeley, 23p.
- 2015** Lamarque, Rémi, « Contraintes phonologiques et mots d'emprunt en japonais » ("Phonological constraints and loanwords in Japanese"), in *Actes de la 5<sup>e</sup> édition des JéTou*. Toulouse : Université Toulouse – Jean Jaurès, pp.21-30.

## Presentations

---

**2021** Lamarque, Rémi, « Productivité des patterns morphophonologiques dans les abréviations de mots d'emprunt composés en japonais » ("Productivity of morphophonological patterns in compound loanword abbreviations in Japanese"), oral presentation at the Rencontres bordelaises de linguistique coréenne et japonaise, November.

Lamarque, Rémi, "Emergence and evolution of morphological patterns through convergence", oral presentation at the 45th annual Penn Linguistics Conference, March

**2020** Lamarque, Rémi, "Morphophonological convergence and rule emergence in recent morphological processes", poster presentation at the 17<sup>th</sup> biannual conference of the Association for Laboratory Phonology, July.

**2019** Lamarque, Rémi, "Emergence and acquisition of rules in recent morphological processes", oral presentation at the 4<sup>th</sup> American International Morphology Meeting, Stony Brook University, May.

**2017** Lamarque, Rémi, "Community- and individual-level variation in Japanese compound loanword formation", oral presentation at the Berkeley Linguistics Society 43<sup>rd</sup> annual conference, UC Berkeley, February.

Lamarque, Rémi, "From variation to the emergence of linguistic regularities", poster presentation at the Current Trends in Linguistics conference, Universität Hamburg, January.

**2016** Lamarque, Rémi, « Évolution dans la dérivation des emprunts abrégés composés en japonais » ("The evolution in the derivation of compound abbreviated loanwords in Japanese"), oral presentation at the RFP (Réseau Francophone de Phonologie) annual conference on the topics "dialectology" and "diachrony", University of Nice Sophia Antipolis, July.

**2015** Lamarque, Rémi, « Contraintes phonologiques et mots d'emprunt en japonais » ("Phonological constraints and loanwords in Japanese"), oral presentation at the Journées d'Études Toulousaines on the topic "Discourse(s) in linguistics: units and levels of analysis", University of Toulouse - Jean Jaurès, May.

## Teaching

---

- 2021-2022** Temporary lecturer and research assistant for the department of Linguistics, Aix-Marseille University (192 hours):
- Semantics, second year: 27 hours, 70 students
  - Semantics, first year: 162 hours, 210 students
  - Scientific mediation, third year: 3 hours, 25 students
- 2020-2021** Temporary lecturer and research assistant for the department of Linguistics, Aix-Marseille University (192 hours):
- Semantics, second year: 27 hours, 70 students
  - Semantics, first year: 162 hours, 210 students
  - Scientific mediation, third year: 3 hours, 25 students
- 2019-2020** Teaching assistant for the department of Linguistics, Aix-Marseille University (24 hours):
- Phonology, second year: 12 hours, 50 students
  - Scientific mediation, third year: 12 hours, 50 students
- 2018-2019** Teaching assistant for the department of Linguistics, Aix-Marseille University (64 hours):
- Semantics, second year: 12 hours, 40 students
  - Phonology, second year: 12 hours, 40 students
  - Phonetics, second year: 12 hours, 40 students
  - Morphology, second year: 12 hours, 40 students
  - Scientific mediation, third year: 16 hours, 15 students

<b>2017-2018</b>	Teaching assistant for the department of Linguistics, Aix-Marseille University (64 hours): <ul style="list-style-type: none"> <li>- Semantics, second year: 36 hours, 50 students</li> <li>- Phonology, second year: 12 hours, 50 students</li> <li>- Phonetics, French as a second language didactic course: 16 hours, 80 students</li> </ul>
<b>2015-2016</b>	Tutor for students with disabilities, Aix-Marseille University
<b>2014-2015</b>	Student mentoring in Japanese, Aix-Marseille University
<b>Total:</b>	536 hours in Linguistics

## Responsibilities & events organization

---

<b>2017-2019</b>	Laboratoire Parole et Langage PhD students' representative
<b>2018</b>	President of the organizing committee for the « Journée Annuelle des Doctorants du LPL » (“Annual LPL’s PhD students conference”)
<b>2017</b>	Member of the organizing committee for the « Journée Annuelle des Doctorants du LPL » (“Annual LPL’s PhD students conference”)

## Awards & Scholarships

---

<b>2016-2019</b>	Doctoral fellowship from the Doctoral School for Cognition, Language and Education, Aix-Marseille University
<b>2017</b>	Summer program fellowship from Japan Society for the Promotion of Science (declined)

# Skills

---

## **Languages:**

French: native speaker

English: C2 level

Japanese: B1 level

Italian: A2 level

## **Technical/programming:**

**Construct 2:** proficient

HTML5-based 2D video game engine. Experience in programming online experiments including:

- Audio/visual stimuli
- Multiple participants in interaction
- Artificial partner (with behaviors based on participant's behavior)
- Mouse tracking

**Crowdsourced science:** proficient

Crowdsourcing platforms:

- Lancers and Crowdworks: based in Japan; Japanese participants
- Prolific: based in the UK; Western country participants

Survey platforms:

- Qualtrics, SurveyMonkey, ...

**Harmonic grammar modeling:** proficient

- Praat: Gradual Learning Algorithm
- MaxEnt: weight calculation for constraint-based grammar

**R** (data analysis, data visualization, statistics, ...): intermediate

**Python:** basic skills

**PHP** (automatic sending of online experiment data to an e-mail address): basic skill

**Praat** (Speech analysis/manipulation): basic skills

**Netlogo** (agent-based simulation modeling): basic skills

**Bayesian models of learning:** basic skills
